

REPORT
OF THE
PROVINCIAL SECRETARY
AND REGISTRAR
OF THE
PROVINCE OF ALBERTA
FOR THE TWELVE MONTHS ENDING DECEMBER 31
1914

PRINTED BY ORDER OF THE LEGISLATIVE ASSEMBLY OF ALBERTA

LIBRARY OF THE UNIVERSITY
OF ALBERTA.

EDMONTON :
J. W. JEFFERY, GOVERNMENT PRINTER
1915

To His Honour

GEORGE HEDLEY VICARS BULYEA,

Lieutenant Governor of the Province of Alberta.

MAY IT PLEASE YOUR HONOUR:

The undersigned begs respectfully to present to Your Honour the report prepared with respect to the chief transactions of the Department of the Provincial Secretary and Registrar of Alberta during the twelve months ending 31st day of December, 1914.

Respectfully submitted,

A. J. McLEAN,

*Provincial Secretary and Registrar
of the Province of Alberta.*

Provincial Secretary's Office,

Edmonton, February 2nd, 1915

13185

EDMONTON, February 1st, 1915.

To the Honourable,

ARCHIBALD J. McLEAN, M.L.A.,

*Provincial Secretary and Registrar of the Province of Alberta,
Edmonton, Alberta.*

DEAR SIR,—I have the honour to submit the annual report of the Department of the Provincial Secretary for the fiscal year ended December 31st, 1914.

INCORPORATION OF COMPANIES

The number of Certificates of Incorporation issued under The Companies Ordinance during the past year was 882. The total capitalization of new Companies was \$451,194.000.00, and the capitalization of existing Companies was increased by \$5,084,000.00; the whole amounting to \$456,278,000.00.

The following table shows the number of Companies incorporated under The Companies Ordinance since the inauguration of the Province, September 1st, 1905:

YEAR.	NO. OF COMPANIES INCORPOR- ATED	AGGREGATE CAPITALIZATION
1905-6—Sixteen months.....	161	\$18,552,000.00

THE PROVINCIAL GAOL,

Lethbridge, January 4th, 1915.

To the Honourable,

THE PROVINCIAL SECRETARY,

Edmonton, Alberta.

DEAR SIR,—I have the honour to herewith submit my Fourth Annual Report of the Provincial Gaol, for the year ending December 31st, 1914.

Our average prison population for the twelve months has been 143.73 indicating the exceeding crowded state of our Institution.

In spite of overcrowding, by getting the men out to work or exercise in the fresh air every day, we have maintained a remarkable state of good health among all the prisoners. They have generally been contented and appreciate the treatment meted out to them.

During the year we have accomplished considerable important work. We dug a mile of trench for laying water-pipe line to the Experimental Farm, connecting them with our water system.

We spent much time and labour on Irrigation ditches for our Farm, also in removing tops off knolls and filling up the low places, thus levelling the land and making it easier to irrigate.

We kept one camp out grading roads all summer and they did good work.

We set out 5,000 trees this spring, getting them from the river bottom but as it was so very dry they did not all live, but we hope for better luck next year.

We are glad to report the purchase of an additional three quarter sections of land, less 40 acres, during the past summer and this gives us now 680.

We broke one quarter section and have thoroughly irrigated it and have it in good shape for crop. We expect to break another quarter section in the spring and are looking forward to better returns for our labour than was possible this year, owing to the very dry season.

On account of the drought our returns from the Farm were very disappointing, so far as grain crop is concerned, but our potatoes and turnips and sugar beets gave a surprising yield.

We are pleased to report the erection of a new slaughter-house, with smoke-house attached, so that we are in good shape to kill our own beef and hogs and can cure hams and bacon also.

We were fortunate in securing a herd of well-bred Dairy Cows this summer and are able to supply the Institution with good fresh milk the year around. This will certainly prove a paying investment.

We painted and kalsomined all the interior of our building during the past summer, disinfecting and purifying the cells and generally brightening the walls and making the place cheerful and sanitary.

Owing to the sudden outbreak of the Great European War we were left short handed for a time, as several of our staff left for the front, but in spite of taking on new men we are glad to report not a single escape

from the Institution during the year. This is a record of which we have every reason to be proud and our staff to be congratulated.

Enclosed you will find the usual statistical tables which are self explanatory and interesting.

I thank your department for granting me the privilege of attending the annual meeting of the American Prison Congress held this year in St. Paul. We visited the new prison at Stillwater, which is conceded to be the most modern penal institution on this continent.

In conclusion, I desire to express my gratitude for the faithfulness and vigilance of our staff and for the unfailing courtesy and valuable assistance rendered me during the year by yourself and your department.

I have the honor to be, Sir,

Your obedient servant,

J. H. RIVERS,

Warden.

PROVINCIAL GAOL, LETHBRIDGE.

PRISONERS' POPULATION.

THE HOSPITAL FOR THE INSANE,

Ponoka, Alta., January 2nd, 1915.

THE HON. A. J. McLEAN,
Provincial Secretary,
Edmonton, Alberta.

SIR,—I have the honor to submit to you the report for 1914, being the fourth annual report of the Hospital for the Insane, Ponoka, along with the usual statistical tables.

On the first of January, 1914, there were in residence 201 males and 86 females, a total of 287. At the close of the year there were 263 males and 117 females, a total of 380 patients resident in the Hospital. This gives an increase of 62 males and 31 females, a total of 93 for the year.

The admissions were 154 males and 61 females, a total of 215. The number of patients discharged was 102, as follows:

	Males	Females	Total
Recovered.....	73	19	92
Improved.....	5	..	5
Not improved.....	..	5	5
Total.....	78	24	102

The above discharges include 10 deportations, 8 males and 2 females:

	Males	Females	Total
Austria.....	1	1	2
England.....	..	1	1
Ireland.....	1	..	1
United States.....	6	..	6
Total.....	8	2	10

During the year, 81 patients, 60 males and 21 females, were sent out on probation. The duration of this period is for six months, during which time they can be readmitted on the same warrant.

The deaths numbered 20, viz: 14 males and 6 females.

The recovery rate, based on the total admissions, is in the case of the males 47.40 per cent, and in that of the females 31.15 per cent. In the case of the combined sexes, therefore, the recovery rate is 42.79 per cent.

The death rate estimated on the average number resident, is for the males, 6.02 per cent, and for the females, 5.63 per cent, or for both sexes, 5.90 per cent. Based on the total number under treatment, these

rates are respectively, males 3.94 per cent, females, 4.08 per cent, or for both sexes, 3.98 per cent.

The death-rate continues to be low. The general health of all residents has been satisfactory.

We have been free from all epidemic diseases, and the only contagious cases were two of mild erysipelas.

The patients are all comfortably accommodated, and there has never been at any time any occasion for overcrowding. At the ordinary rate of admissions there should be enough beds for females to carry us on until the new building is completed in April.

The new building is planned to accommodate 180 patients, 60 on each floor. The Public Works Department have been most considerate in embodying our special needs in their plans. The building will be entirely fireproof and modern in every way. The equipment is such that there will be a great saving as regards upkeep and labor; at the same time the nursing will be made easier and it will be possible to separate more conveniently the noisy from the quieter patients. A dining-hall for women and a large recreation-hall have been provided in the basement. A sum of \$150.00 or so could be well spent in supplying entertainments.

By utilizing the women's quarters in the main building we should have ample accommodation for the men this year.

This year the carpenter with the help of three patients painted the whole of the Male Chronic Block, and the top floor and one stairway of the Main building. It has brightened up the wards wonderfully and made them much more comfortable.

There is still some difficulty in getting sufficient hot water for our needs, owing to the rapid deposit from the hardness of the water. To reduce this the Public Works Department have in contemplation the installation of a water-softening plant.

In the near future it may be necessary to look for another source of water supply, as the water level in the well has been lower this year than it has ever been previously.

A store-room, pantry and cold-storage, is being constructed off the kitchen. A freezing machine will be used to give the required temperature. This arrangement will permit of a more direct supervision than heretofore of the stores given out each day.

A house for the Farmer and three double cottages for married staff have been built. They all appreciate the increased comforts after living in tents, some of them from the opening of the Hospital.

A mortuary and post-mortem room has been built. It is a necessary requisite and is conveniently arranged without looking in any way objectionable from the outside.

A small greenhouse has been put up with the idea of growing some plants for the wards and of forcing seeds for the garden.

This year a continuation of laying out the grounds around the building has been carried on by the work of patients. The sum of about \$300.00 on trees and flowering shrubs could be well spent for beautifying the surroundings. A nurseryman in the neighborhood says he would plant them and guarantees to replace those who do not grow.

The members of the orchestra are still with us and their talent is much appreciated by all.

We have at present a very good staff and there have been very few changes during the year.

The female patients, under the supervision of a nurse, have done all the necessary sewing, including women's dresses, nurses' uniforms, men's shirts, towels and bed linen, etc.

The male patient is still able to do all the necessary cobbling.

The laundry continues to give satisfaction and washes on an average 2915 articles per week.

THE FARM

The crop this year would have been an average one had it not been that about a 5 per cent. loss was caused by a slight hail storm.

The grain was all well ripened, well secured and the sample was good. The following is the yield per acre:

	No. of Acres	Total Yield	Per Acre
Oats	83	3984 bus.	48 bus.
Barley	19	681 "	35 "
Wheat	10	280 "	28 "

		<hr/>
Total		\$ 2,693.10

Ten acres of fall rye and seven acres of timothy and clover were seeded down. The large slough and about 40 acres of wet land have been drained in open ditches. Forty-five acres were cleared of brush and thirty acres have been broken; 500 rods of fencing have been put up; a new root-house, 12 x 50 feet, two new granaries, 14 x 18 feet and an extra hayloft have been built.

A quarter section of land, three miles distant, was rented for the sum of \$50.00, for the purpose of grazing the young stock. This land could be bought at almost a nominal figure. The demand for feed is much greater than our present acreage can supply.

For the past year we have been killing our own beef, and in the fall enough steers were bought to carry us over for a year. Perhaps this year the Public Works Department will build us a more suitable slaughter-house.

On an average 40 cows have been milking and have supplied the hospital with 24 gallons of new milk daily and 144 pounds of butter per week.

This year we intend to rear many more chickens; so far our poultry has not been a great success as they have only been able to supply a very small proportion of the number of eggs used.

The yearly average net cost per capita is \$168.55.9

The daily average net cost per capita is \$.46.18

In concluding, we desire to express our indebtedness to the various departments for their support and assistance.

I have the honour to be, SIR,

Your obedient servant,

THOMAS DAWSON,
Medical Superintendent.
